CERTIFICATIONS

- **CERTIFICATION IN COMPUTER SCIENCE | NATIONAL INSTITUTE OF BUSSINESS, COLOMBO, SRI LANKA. (Completed)**
- AWS - Cloud Practitioner (Following)
- RedHat Certified Systems Administration (Following)

WORK EXPERIENCE

QA Engineer - Intern - Avanciro (Private) Limited (2023 Oct- 2024 Mar)

I work in testing VueJS applications and implementing QA automation with TestCafe and Cypress. My efforts ensured high-quality software delivery through comprehensive testing and collaboration with cross-functional teams.

Software Engineer - Intern - SLT Digital Lab (Private) Limited (2023 Feb- 2023 Aug)

Expertly crafted REST API backend using Lumen framework in PHP, integrating features like Eloquent ORM and JWT for robust functionality.

Managed application deployment on Ubuntu Linux server, optimizing with Nginx and PHP-FPM for peak performance and scalability in production.

Thoroughly documented software development processes to aid team comprehension and streamline future efforts..

PROJECTS

Final Year Research Project (2023 Mar - 2023 Nov) ***(Courier service Web Application)***

Developed a semi-automated customer support system focused on IVR solutions for call routing, NLP-driven voice-to-text conversion, and automated text analysis. Created a multi-channel support system, including report generation, for enhanced user experience and valuable insights.

• Key Technologies: Go Lang, Twillio, React, MySQL, Git, Postman, AWS VPC, AWS EC2, AWS RDS.

• Key Responsibilities:

Created and deployed IVR systems, enhancing call routing and customer interaction.

Applied NLP for voice-to-text, boosting documentation accuracy and aiding query analysis.

Automated text query analysis for prompt customer support, using AI for improved efficiency and satisfaction.

HIGHER EDUCATION

**B. Sc (Hons) Information Technology
Specialization in Information
Technology** | Sri Lanka Institute of
Information Technology (SLIIT), Malabe,
Sri Lanka. (Completed - 2024 March)

Final Year Modules Covered:

- Software Quality Assurance
- Database System
- Cloud Computing (AWS, Azure)
- Research Project

EDUCATION

Advanced Level - Physics Stream (2018)

- Physics - S
- Chemistry - S
- Combine Mathematics - S

Ordinary Level -Sinhala Medium (2015)

- Mathematics - B
- Science - B
- English - C
- Sinhala - A
- Buddhism - A
- History - A
- Commerce - A
- ICT - A
- Dancing- A

NON-TECHNICAL SKILLS

- Communication Skills
- Collaboration
- Problem-Solving
- Adaptability
- Team Player
- Analytical Skills

Fitness App Mobile Application

Technologies: Android Studio - Java, Firebase

Tourisum Management System

Technologies: HTML, Css, Java servlet,

eShop-E-commerce System

Technologies: Spring boot, React, MySQL,Selenium

Online Platform for Electro Grid

Technologies - Java - JAX-RS (Jersey) on Tomcat, MySQL

SKILLS AND KNOWLEDGE

- Programming languages:
Python, C, C++, JavaScript, Java, PHP, Go Lang
- Framework And Libraries :
React, Vue js, Selenium, cypresses, Expressjs, TestCafe,
- DBMS:
MySQL, MariaDB, Firebase,
- Version Control Systems:
Git
- Server Administration:
Linux, RedHat, CentOS, Fedora
- DevOps:
Jenkins,GithubActions, AWS
